### **BP 2740      Board Education**

**Reference:**      Accreditation Standard 4

The Board is committed to its ongoing development and continuous improvement as a Board and to a trustee education program that includes new trustee orientation. The Board recognizes the necessity for members to engage in educational and development opportunities as well as assessment and reflection. To this end, the Board will engage in an annual retreat to consider accomplishments and challenges and goal setting, hold study sessions, provide access to reading materials and support conference attendance and other activities that foster trustee education and development. These activities are set forth in AP 2740 and will be funded as the budget allows.
