Plan Component 1: Introduction

This Equal Employment Opportunity (EEO) Plan reflects Hartnell Community College District's commitment to diversity, inclusion, and equal employment opportunity. Hartnell College provides a welcoming environment that embraces its roots within the Salinas Valley community it serves, and that prepares its students to be leaders within the global community.

Hartnell has a highly diverse student body, of which 56 percent are in their families' first generation to attend college. About 45 percent of students are women and 55 percent men, with an ethnic makeup that includes 60 percent Hispanic, earning a federal designation as a Hispanic-Serving Institution. In addition, 24 percent of students are white/non-Hispanic, 6 percent are Asian and 2 percent are African American.

It is the District's belief that taking active and vigorous steps to ensure equal employment opportunity and creating a working and academic environment that is welcoming to all persons will foster diversity and promote excellence. In alignment with the District's Mission and Strategic Plan, the District acknowledges that having an increasingly diverse workforce could lead to more opportunities for student success and completion. Both the District's Strategic Plan and this EEO Plan express our belief that, through an educational experience in an inclusive environment, our students will be better prepared to work and live in an increasingly global society.

The EEO Plan was created via participatory governance including the Diversity/EEO Advisory Committee members representing the academic and classified staff. The Plan was reviewed by the President's Cabinet, and approved and adopted by the Board of Trustees. The last version of the EEO Plan was adopted May 21, 2019. This revised version is scheduled to be adopted by the Board of Trustees in June 2024.

To properly serve a growing diverse population within the Salinas Valley, the District is committed to hiring and retaining faculty and staff who are sensitive to, and knowledgeable of, the needs of the continually changing student body it serves.

Superintendent/President

CCR title 5, § 53003(c)(6)

The Human Resources Department will annually survey the District's workforce composition and shall monitor applications for employment on an ongoing basis to evaluate the District's progress in implementing the Plan, to provide data needed for the reports required by this Plan, and to determine whether additional measures are required pursuant to title 5, section 53006, and to implement and evaluate the effectiveness of those measures.

Diversity is defined as individual from a range of ethnic, racial, cultural, age, national origin, religion, gender identity, sexual orientation, disability, socioeconomic, academic and other backgrounds. As it relates to analysis in gathering data for EEO Plan, District applicants and employees, only ethnicity and gender will be available for review.

For purposes of the data collection and report required by Title 5, each applicant or employee shall be afforded the opportunity to identify their gender (including non-binary options), ethnic group identification, and disability. A person may designate multiple ethnic groups with which, but currently, per section 53004, will have one primary ethnic group for reporting purposes. The monitored groups for that will be evaluated in regards to gender will be male, female, or nonbinary. The monitored groups that are evaluated as monitored groups in regards to ethnicity will be Asian/Pacific Islander, African American/Black, American Indian/Alaska Native, Hispanic/Latinx, White or Other. All demographic information will be kept confidential and will be separated from the applications that are forwarded to the screening committee and hiring administrator(s).

The District will annually report to the Chancellor the results of its annual survey of employees. At least every three years the Plan will be reviewed and, if necessary, revised based on an analysis of the ethnic group identification, gender, and disability composition of existing staff and of those who have applied for employment in each of the following identified job categories:

- executive/administrative/managerial,
- faculty and other instructional staff,
- professional non faculty,
- secretarial/clerical,
- technical and paraprofessional,
- skilled crafts,
- service and maintenance

Process for Gathering Data

Applicant pool data will be gathered from the Neo Ed applicant tracking system implemented in fall 2023 by the Office of Human Resources. For the purposes of this report the following will be considered, applicants that completed an application and met minimum qualifications, and new hires being any persons that were hired in the last academic year.

Data regarding new hires and current employees will be extracted from California Community College Chancellor's Office Data Mart. To include identified persons hired into the following categories. This will include promotions and transfers. In addition to this, all employees will be reviewed in consideration of categories displayed.

The Office of Institutional Planning, Research & Effectiveness (IPRE) may assist in compiling data and analysis to ensure accuracy.

Analysis of Applicant Pools

The District is currently implementing a new applicant tracking system that will be able to assist in the evaluating the following application reports

- Pull comprehensive EEO data and statistics in both graph and data formats.
- Identify applicant flow for your entire organization or each recruitment by gender and ethnicity.
- Track ethnicities, gender, and veteran status within your agency with diversity reports to ensure equitable hiring processes.
- Measure the health of applications for job postings so you can optimize your recruiting strategy to fill positions more efficiently.
- Analyze and report on crucial candidate metrics like the number of applications received, application source, number of eligible applicants, number of applicants referred, reason for rejection, and more.

At this time, data trend over the last 3 years on the diversity of hires is available. Appendix 13 addresses opportunities to review data trends on applicant data.

The tables below demonstrate opportunities to address diversity among new hires.

Plan Component 11: A Process for Utilizing Data to Determine Whether Monitored Groups Are Underrepresented Within District Job Categories

Using data from reliable public and private sources, along with District applicant and employee data, trends may be identified.

The EEO/Diversity Advisory Committee shall review applicant pool data annually in the spring to evaluate monitored groups that may be underrepresented within the district in given job categories, departments, or divisions. Future applicant pool data will be available from NeoEd applicant tracking system. This data can assist with identifying opportunities in screening and eligibility of applications and minimum qualification standards.

When monitored groups are identified as underrepresented, the EEO Officer may designate these specific job categories to go under review for job postings, assessments, and interview questions accurately in that job.

Projected representation figures shall be based on student population. Employee and student demographic information will be accessed from the California Community College Chancellor's Office Data Mart website.

80% Rule Analysis

If and when monitored groups are found to be underrepresented, the following process to remedy the recruitment will be utilized:

1. Consult District longitudinal analysis to determine which monitored group is adversely affected and determine at what stage of the hiring process the negative impact is happening.
2. Review past recruitment efforts to understand the overall challenges with the position and if the outcome is in line with expectations.
3. Take immediate steps to remedy the recruitment either via additional advertising or outreach, and/or by reviewing the candidate pool for consistent unbiased review.
4. If the candidate pool lacks the appropriate diversity by the close of the recruitment period the recruitment may be canceled. Analysis of the job announcement verbiage for language that communicates our commitment to diversity, inclusion and cultural competence, review of minimum qualifications to ensure they are the minimum required, and/or re-training of staff reviewing applications may all be measures taken.
5. Consult with the EEO Advisory Committee, other District or community stakeholders to develop a new recruitment strategy.

The "80% Rule" methodology compares the percentage of each disaggregated subgroup of students to the percentage of each disaggregated subgroup of Hartnell employees. The 80 Percent Index is

calculated by dividing the percentage of each disaggregated subgroup of Hartnell employees by the percentage of each disaggregated subgroup of students. A result of less than 80 percent (or 0.80) is considered evidence of a disproportionate impact of underrepresentation.

The tables below demonstrate the analysis of our current workforce for monitored groups.

Plan Component 12: Methods for Addressing Underrepresentation

A. Recruitment

It is the policy of the District to actively pursue recruitment of employees in a manner that is inclusive and open to all persons.

The following efforts will be undertaken to address adverse impact and underrepresentation. This includes, on a regular basis, developing and contacting new recruitment sources that ensure diverse pools of candidates. Diverse pools should include, but not be limited to, all persons with disabilities, and individuals from all ethnic and other groups protected from discrimination. The District Diversity/Equal Employment Opportunity Advisory Committee is encouraged to utilize and notify the District of additional recruitment options that may enable the District to obtain a diverse pool of applicants. All recruitment announcements will state that the District is an "Equal Employment Employer."

The District will include in the recruitment section of its Recruitment and Hiring Procedures the following provisions:

1. For any job category where continuing underrepresentation exists, the District will apply the recruitment procedures set forth in Title 5, section 53021 to conduct full and open recruitment for all new openings and will not invoke the provisions for in-house interim appointments or the exception under 53021(c)(7) for engaging an administrator through a professional services contract unless the chief executive officer or their designee first notifies the Governing Board and the Equal Employment Opportunity Advisory Committee in writing of the compelling reason to limit the persons who may be considered for a vacancy in a job category where underrepresentation persists.

2. Recruitment for all open positions shall include, but not be limited to, placement of job announcements in the following instruments:

General circulation online publications,

- A. Publications, including electronic media that are distributed to the general market and to newspapers and publications whose primary audience is groups found to be underrepresented in the District's workforce.

- C. Electronic communications to campus community regarding current employment opportunities

3. District employees will be surveyed informally on a regular basis requesting resources and locations where open positions may be advertised to ensure recruitment is as inclusive and broad as possible and includes recruitment of monitored groups. The Office of Human Resources/EEO will be responsible for maintaining this list.

B. Job Announcements

The District's Recruitment and Hiring Procedures section on "Job Announcements" will be revised to include the following provisions:

1. Job announcements will state clearly job specifications setting forth the knowledge, skills, and abilities necessary to job performance. For all positions, job requirements will include demonstrated sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, gender identity, sexual orientation, and ethnic backgrounds of community college students. All job announcements shall state that the District is an "Equal Employment Employer."
2. A position may be designated to have a Spanish/English bilingual ability in the event that the position will be required to communicate with a significant number of bilingual persons. Initially, the District will conduct an analysis to ensure that such a requirement meets the standard for a bona fide occupational requirement. The District will identify the specific positions that may require bilingual ability and the language(s) needed; and in which positions bilingual ability in a particular language may be listed as a required, preferred, or desired qualification.

C. Review of Initial and Qualified Applicant Pools

The District's recruitment and hiring procedures include the following provisions:

1. The application for employment shall provide for self-identification of the applicant's gender (including non-binary options), ethnic group identification and, if applicable, disability.
2. All initial applications shall be screened to determine which candidates satisfy the job specifications. The candidates who meet the job specifications shall constitute the "qualified applicant pool."
3. Districts shall conduct an initial demographic review of the qualified applicant pool before an application deadline for a district position closes. If the pool's candidate diversity is not consistent with the diversity goals of the EEO Plan, the district may extend the search period.
4. The composition of the qualified applicant pool shall be reviewed and compared to the composition of the initial applicant pool. If the EEO Officer or designee finds that the composition of the qualified applicant pool may have been influenced by factors that are not job related, appropriate action shall be taken. This applicant pool data shall be reviewed in conducting the analysis described in section 53006(a).

D. Screening Committee Procedures

The District seeks to employ qualified persons with a broad range of backgrounds and abilities who have the knowledge and experience to work effectively in a diverse environment. The selection process is based on merit, and will extend to all candidates a fair, impartial examination of qualifications based on job-related criteria. The District's Recruitment and Hiring Procedures will be revised to include in its section on applicant screening by screening committees the following provisions:

1. All screening or selection techniques, including the procedure for developing interview questions, and the selection process as a whole, will be:

- a. Designed to ensure that, for all positions, meaningful consideration is given to the extent to which applicants demonstrate a sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, gender identity, sexual orientation, and ethnic backgrounds of community college students;
- b. Designed to ensure that for all faculty and administrative positions, meaningful consideration is given to the extent to which applicants demonstrate knowledge of multiculturalism, of training in cultural competence, and knowledge of the history and culture of underrepresented groups and groups that have experienced discrimination;
- c. Based solely on job-related criteria; and
- d. Designed to avoid adverse impact, and monitored by means consistent with this section to detect and address adverse impact which does occur for any monitored group.

2. When possible, every effort will be made, within the limits allowed by federal and state law, to ensure Screening committees include a diverse membership, which will bring a variety of perspectives to the assessment of applicant qualifications. Screening committees will be encouraged to include members from monitored groups.

3. The Equal Employment Opportunity Officer or designee should approve the composition of screening committees. If the Equal Employment Opportunity Officer does not approve a screening committee for lack of diversity, they will take necessary steps to remedy the lack of diversity.

4. Before a person can serve on a screening committee, they must receive equal employment opportunity and diversity training presentation. Equal employment opportunity and diversity training must be within 24 months prior to serving on a selection committee. Training includes best practices for hiring along with discussion on unconscious bias and tools to address this in the hiring process.

5. All interviews must include at least one (1) question which assesses the candidate's sensitivity and understanding of diversity.

6. All screening materials (i.e. scoring rubric, interview questions, assessment, presentation etc.) or any other items related to screening must be approved for compliance with equal employment opportunity principles.

7. Monitoring for adverse impact will occur at each of the following stages of the screening committee process:

- a. After the screening committee has conducted the screening and prior

to contacting any of the applicants for interviews. Interviews cannot be scheduled until the applicant pool has been approved and cleared for adverse impact.

b. After the applicants have been interviewed and prior to forwarding finalists to the hiring administrator. Finalists cannot be forwarded for hiring consideration until the applicant pool has been approved and cleared for adverse impact.

8. If monitoring for adverse impact reveals that any selection technique or procedure has adversely impacted any monitored group, the equal employment opportunity officer or designee will do the following:

a. Suspend the selection process and take timely and effective steps to remedy the problem before the selection process resumes.

b. When appropriate, assist the screening committee by discussing the overall composition of the applicant pool and the screening criteria or procedures, which have produced an adverse impact, provided that confidential information about individual candidates is not disclosed.

c. If adverse impact results from locally established qualifications beyond state minimum qualifications that have not been verified as job-related and consistent with business necessity, the use of such locally established qualifications will be immediately discontinued and any applicants eliminated on the basis of such qualifications will be placed back in the pool and continue to be considered during the hiring process.

d. Where necessary, the position may be reopened at any time and a new selection process initiated in a way designed to avoid adverse impact.

9. The District will not designate or set aside particular positions to be filled by members of any group defined in terms of religious creed, race, color, sex, gender, gender identity, gender expression, sexual orientation, national origin or ancestry, age, mental or physical disability, medical condition, pregnancy or pregnancy disability, genetic information, marital status, or military and veteran status or engage in any other practice, which would result in discriminatory or preferential treatment prohibited by state or federal law. The District will not apply the Plan in a rigid manner that has the purpose or effect of discriminating or causing adverse impact.

10. The District will review the pattern of its hiring decisions over time, and if it determines that those patterns do not meet the objectives of the Plan, the District will request the Diversity/Equal Employment Opportunity Advisory Committee or EEO Officer to recommend new methods to meet the Plan objectives, or if necessary, to modify the Plan itself to ensure equal employment opportunity

Plan Component 13: Selection of Specific Pre-Hiring, Hiring, and Post-Hiring EEO Strategies and Schedule Identifying Timetables for Their Implementation (Multiple Methods Integration)

As described in Plan Component 13, the District has set forth various strategies for furthering its efforts to diversify the workforce. These efforts are also demonstrated within Appendix A.
