

Welcome to Hartnell College

We believe all students should have the opportunity to begin in transfer-level coursework, regardless of past school experiences. We have extensive support systems in place to aid all students when developing an educational plan, applying for financial aid, and choosing among classes each semester. Individualized support is available to help all students meet their goals as they navigate through challenging coursework. The students who succeed at Hartnell make use of these, and many other, support programs. Seek out the support and aid best suited to your needs. We are here to help.

Choosing College Courses

At Hartnell we prioritize starting students on a successful pathway to complete a Hartnell certificate of achievement or an associate's degree, and we help facilitate the transfer of those students interested in pursuing a bachelor's degree. So it is important to understand the available placement options and to work with us to find the most appropriate path into and through Hartnell's curriculum.

Placement options for Math, English, and ESL can be found [here](#).

Join our Community

Our experience shows, and the research confirms, that students who walk through our open doors can and do accomplish their educational goals. At Hartnell you will find that our standards are high and our courses rigorous, but you will also find a community of faculty members and staff who are dedicated to supporting every student who chooses to take up the kinds of potentially life-changing work that a college education offers. We teach, we tutor, we talk; we wonder and imagine together; we ask a lot of hard questions and seek out answers together. We engage with any student, regardless of past educational experiences. We are Hartnell.
