INFORMATION/DISCUSSION/PRESENTATIONS

1. Swim Team Proposal

Daniel Teresa

Mr. Teresa gave a detailed presentation regarding the proposal of a Swim Team. He stated he has received several requests to begin a swim team. He provided data showing the Salinas High School District swim participant numbers. These numbers do not include South County. Hartnell College is the only place that has an Olympic sized pool. Palma, Nortre Dame, and Salinas High all use the Hartnell College Pool. Swimming was the top sport requested by high school students through the survey. Hartnell College students also chose swimming as the top sports choice. The last time there was a Swim Team was in 2002. Ms. Dominguez suggested showing the FTES the college would gain from this sport.

2. The Campaign for College Opportunity

Laurencia Walker

Ms. Walker shared the Campaign for College Opportunity with the council. The infographic shows the equity gaps. The data shows that two-thirds of Black adults have attended college but only half earned a degree. Community colleges only transfer 35% of Black students after six years. The CSU only graduates 9% of Black students in four years and the UC graduates half of black students in four years.

3. Umoja Program Overview

Tony Anderson

Mr. Anderson gave a detailed overview regarding the Umoja program. He stated the Umoja program gives students an opportunity to make students feel they are part of the college. The Umoja program serves educationally and economically under-resourced students. Umoja actively promotes student success for all students, with an emphasis on African American student success, through culturally responsive curriculum and practices. There is funding that can be provided to the college to begin this program. A coordinator would be needed, paid through a steepened, to begin the program. Ms. Becerra suggested an emblem such as the butterfly of Mi Casa that shows Allies for Umoja or African American Students. She asked if ABT will be informed of the progress and implementation of Umoja. Mr. Anderson stated he and Ms. Walker have been in contact with the President and Vice President of the club to inform them of the progress. She also stated it would be best to give a presentation to ASHC as well as Parent Club. Mr. Anderson will request to attend the next ASHC meeting to discuss the Umoja program.

4. SAM's Guide for Monterey County

Laura Zavala

Ms. Zavala shared the SAM's Guide Resource Page and the SAM's Guide with the council. The documents are located for review on the council website. The SAM's Resource website gives resources for nurses, social workers, teachers, therapists, outreach workers, and others who counsel families in Monterey County. These resources was created by a registered nurse.

5. AB 705 Update & Math Placement Tool

Gabriela Lopez/
Carla Johnson

Gabriela Lopez shared the Math Placement brochure. The brochure displays math and STEM majors and their degree or certificate. The brochure also contains a survey to assist students in finding their ideal major based on Holland Codes.

6. College Redesign

Hetty Yelland

Dr. Yelland gave a presentation informing the council on the College Redesign. She shared that the meta-majors inquiry members met with the Student Affairs Division on February 22, 2019. She is making arrangements with the Academic Affairs deans to conduct inquiries at their area meetings. Please direct your questions regarding college redesign to Dr. Yelland at hyelland@hartnell.edu

7. Auto Awarding of Degrees and Certificates

Mary Dominguez

Ms. Dominguez informed the council regarding the auto awarding of degrees and certificates. SB 484 is being proposed for the 2019-2020 legislative session that allows for auto awarding of degrees and certificates. SB 484 would require the governing board of each CCD to direct the appropriate officials at their respective campuses to identify those students who have completed an associate degree for transfer, notify those student, automatically award those students the degree and ad those students to an identification system at the end of each academic year.
