III. New Business:

3.01 PG Reports Advisor Nevarez Discussion/Action

This item is to receive council and committee reports from student council members that attended their council and committee appointments.

College Planning Council - Apolonia couldn't make it to the first one, & Elijah didn't make it to 2nd one. Elijah went to the first one. They're working on the Student Equity Plan for 2022-2025

Accreditation Council - They're sending out the draft for the Midterm Report

Student Affairs - The student member was absent

Technology Council - Reviewed the Technology Master Plan and Cyber Security for Hartnell College. Google is limiting the data we have on our Google Drive on January 2023. The Blue Security Lights at all campuses work, but there have been a lot of false reports of 9-11, and fines were incurred. Students feel like the lights should still call 9-11 and perhaps add a local alarm to the buttons to dissuade pranking. The 10/26 meeting was canceled.

Administrative Services Council - Security guards are not doing their job because they have been caught napping, and at times have not answered the phone when called. The payroll system online is not good at paying faculty, but it is doing a good job at in-person paychecks. There have been problems with trash cans, and the janitors aren't picking up all the library trash. It was suggested that the ASHC create recycling and litter awareness to students.

Academic Affairs - They mainly made introductions and worked on the Student Equity Plan that will cover the next 5 years

Professional Development Council - The student member was absent

Equity Committee - They're working on bridging equity gaps, and with most of the students being associated with Latino descent they're considering connecting their work with the Racial Equity Task Force.

Online Services Committee - The student member was absent

Advancement Council - The meeting was canceled due to the network outage.

Other councils not listed will be added during the student council meeting.
